If you have regular Medicare and a Part D drug plan
(as opposed to an Advantage Plan)

Lynn Hick at the DeKalb County Council on Aging is available to input your current meds
and find you the best drug plan.

She offers this service every year when you can switch carriers.

You call her at 256-845-8590

She will make a phone appointment time for you, she will mail you a form to complete &
return to her with your drugs listed, then you will discuss it on the phone at your
appointment time.

I have done this for several years and find it very helpful.

I don't know if she offers the same service to help choose an Advantage Plan. But she
may.

You can call and ask. Either Lynn or Emily can help.

Ask for them as the transportation office answers the phone.

Barbara
